

**Complete Enterprise  
Solutions That Fit!™**

*Complete E-Business applications, middleware and technology stack sales, implementation, application and technical consulting, upgrades, training, and support*

## Get it Right, NOW!

We create true measurable customer value.

**AMX International is a leading Solutions Provider** - AMX designs Complete Enterprise Solutions that create Competitive Advantage and value for our customers. The Company is known for its superior systems integration of Oracle® software applications. Since 1989, over 500 customers have selected AMX for the company's complete enterprise solutions, which integrate the industry's best vendor applications with highly cost-effective implementation consulting services, project management, complementary software products and custom development. AMX is financially stable and profitable.

**AMX International is an Oracle Certified Partner, Reseller and Systems Integrator** - The Oracle relationship enables us to provide a wealth of knowledge to maximize our customers' return on their Oracle investment. Additionally, AMX can uniquely qualify resources to put the promise of success into action; and deliver enhanced returns on investment for every one of our customers. In recent years, we have received numerous business partner awards and industry recognition regarding our quality of products and services.

**Project Management** - Our certified managers possess project management and industry expertise. In addition, Oracle's AIM Methodology and AMX's Polaris-Digital Project Management™, enhances our customer's ability to fully manage projects by providing complete collaboration and greater access to real-time information through web-enabled tools for on-time and on-budget projects.

**IT Planning & Outsourcing** - Our planning services offer a solution tailored to meet our customer's specific needs and requirements, including the ability to accommodate legacy systems as part of sophisticated customized enterprise solutions.

**Upgrades and Migrations** - Our consultants are experts in providing services for upgrades to existing versions as well as full migrations from both existing Oracle versions and other ERP software.

**Applications Consulting** - Our team of application consultants offers Oracle Application implementation expertise in all the major Oracle suites.

**Technical Consulting** - Our Oracle Enterprise Business Systems technical consulting teams combine a wealth of experience and resources to reduce the risks involved with software selection and implementations.

## Complete Enterprise Solutions That Fit™

- your budget,
- your size,
- your industry,
- your customer,
- your infrastructure,
- your needs today and tomorrow

“The fact that AMX International is completely dedicated to providing implementation and consulting services specifically for Oracle played a strong part in making our decision to use them as our implementation partner”
